AMENDMENT

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

Responsive to the Office Action of July 16, 2002, which indicated that a marked up version of the replacement paragraph and a marked up version of the amended had not been filed, this is an incorrect statement. One, there was no amendment filed on April 11, 2002, but there was a faxed Amendment on March 13, 2002 which included the marked up pages and a copy thereof is enclosed herewith for the Patent Office's convenience.

Respectfully submitted,  
BIERMAN, MUSERLIAN AND LUCAS
